## INTRODUCTION

The Women's Programme of the Department of the Secretary of State is pleased to send you the second edition of the Directory of Canadian Women's Groups, last produced in 1974.

No such publication can ever be completely up to date - women's groups are just as transient as everyone else, so we apologize if this revision is already out of date. Hopefully groups will have registered forwarding addresses with the Post Office.

A copy of the Directory is being sent to each group listed within and while we have a few extra copies on hand to meet the needs of new groups, we regret we cannot supply them in bulk or meet wide-spread demands from individuals.

Each year sees both the formation of new groups around particular interests or special issues as well as the folding of groups who feel their usefulness is past or their energies depleted. All serve to provide a means for women to develop their own self-awareness and a better understanding of other women and the society we live in. Communication plays a large role in this understanding and, to this end, the Directory, with its inevitable errors and omissions, is dedicated.

Sue Findlay, Director  
Women's Programme  
Secretary of State  
Ottawa.

Le Programme de promotion de la femme du Secrétariat d'Etat est heureux de vous faire parvenir la seconde édition de l'Annuaire canadien des groupes de femmes, produit en 1974.

Il est impossible que ce genre de publication soit parfaitement à jour - les groupes de femmes évoluent aussi rapidement que n'importe qui - et nous vous demandons donc de nous excuser si vous y trouvez des omissions ou des erreurs. Nous espérons toutefois que les groupes qui auront déménagé auront fait un changement d'adresse au service des Postes.

Nous envoyons un exemplaire du répertoire à chacun des groupes qui le composent. Nous disposons bien de quelques exemplaires en surplus que nous pourrions distribuer aux nouveaux groupes, mais il ne nous sera malheureusement pas possible de les expédier en nombre, ni de satisfaire une trop grande demande de la part de particuliers.

Chaque année de nouveaux groupes naissent de la réunion, de gens autour d'une question ou d'un problème particulier, et chaque année également des groupes disparaissent, estimant qu'ils n'ont plus leur utilité, ou parce que leur énergie est épuisée. Tous ces groupes procurent aux femmes un moyen de se mieux connaître elles-mêmes et de mieux comprendre tant les autres femmes que la société dans laquelle elles vivent. La communication joue un rôle important dans cette connaissance et cette compréhension et l'Annuaire, malgré ses erreurs et ses omissions inévitables, assure cette communication.

Sue Findlay, Directrice  
Programme de promotion de la femme  
Secrétariat d'Etat  
Ottawa.
